## FORECAST ROSEATE.

**Big Business Leap  
Predicted.**

**Bairds Will Be Swamped  
by Election Time Is Up-  
ham's View.**

**Leader of Shippers Has Per-  
tinent Answer to Plan  
for Delay.**

**Thinks Freight Rate Increase  
Talk Will Be Dropped  
Suddenly.**

**BY DIRECT WIRE TO THE TIMES.**

**CHICAGO, Aug. 20.—Exclusive Dis-  
patch.—"By the time election is  
over, the railroads will have so  
much business they will not think of  
advancing freight rates."**

**In this way Fred W. Upham, pres-  
ident of the Illinois Manufacturers' As-  
sociation, and leader of the shippers'  
fight against the rate increase, today  
commented on the statement made by  
W. C. Brown, senior vice-president of  
the New York Central line, that the  
aggressive crusade for a new freight  
adjustment will be delayed until after  
the Presidential campaign.**

**"I believe the railroads will have so  
much business before long that they  
will not be able to handle it," said  
Mr. Upham. "Then I think the roads  
will see that they do not need an ad-  
vance in rates to make their profits  
normal. Unless I am greatly mistaken  
they will then let the matter drop al-  
together, in view of the pronounced  
sentiment against the increase."**

**Mr. Brown, however, in an interview  
in New York City stated that  
the railroads will continue a campaign  
of education in an effort to "further  
inform the public as to the momentous  
issues involved in the freight tariff  
problem, and thus prepare the people  
generally for careful and final consider-  
ation of the matter."**

**The future plans of the railroads will  
wholly depend in large part upon the  
outcome of the cases before the Inter-  
state Commerce Commission involving  
the recent rate increases in the South-  
east and in Texas. These cases are of  
great importance, because they will  
show the attitude of the commission in  
the whole question of rate advances.  
The railroads believe that if it is true  
that the commission is favorable to an  
increase as against a wage reduction,  
it will be disposed to deal leniently  
with them.**

**While the commission has fixed upon  
a definite date for a hearing it is  
probable that the cases will come up  
during the latter part of September.  
The date will probably be announced  
soon. The members of the com-  
mission who are away on their  
vacations will return to Washington early  
in September.**

**Counsel for the railroads has made  
application for an extension of thirty  
days in which to answer the com-  
plaints, but this has been refused.  
The commission has ordered that an-  
swers be filed within the next two  
weeks.**

## TAFT ENJOYS SPEECHMAKING.

*Candidate Says Nothing Is More Enjoyable.*

*'Admits He Would Consider Speaking Tour.*

*Hot Springs Ready for Big Republican Rally.*

*ASSOCIATED PRESS NIGHT REPORT.*

HOT SPRINGS, (Va.) Aug. 20.—After the first week of any speaking campaign has been gone through with and one finds himself, as it were, talking without difficulty on all of the various subjects of discussion, I don't think there is anything more enjoyable than making at least one speech a day.

This utterance by Judge Taft today presents his attitude toward campaigning. He added that in the 1904 campaign he made speeches during a six weeks' tour of New York and New England, and "enjoyed every minute of it."

When asked if it were not a possibility that a change might be decided upon in the announcement that he was not to leave Cincinnati during the campaign, Mr. Taft replied:

"Of course there is nothing to prevent a change of these plans."

Any change of plans affecting the candidate, however, it was stated, was a matter entirely with the national committee. That Mr. Taft is entirely willing to accommodate himself to anything that makes a whirlwind campaign, as he put it, is made plain.

## READY FOR RALLY.

"There is no harder work," he said, "than making hurried speeches from the platform and the train, and I doubt very much work is effective."

Not Spring is in business for the Republican rally tomorrow. Col. S. Brown Allen of Staunton made a final inspection of the ball park, as chairman of the arrangements committee, at the close of the day and placed his approval on what had been done. Col. Allen's estimate of the crowd to come is 7000.

Judge D. D. Doodman, judge of the Common Pleas Court at Cincinnati, president in 1886 of the National League of Republican Clubs and a cousin of an old friend of Judge Taft, was an arrival today, and is on his way to interview regarding the decision of the Ohio State Committee not to invite Senator Foraker to speak at the opening of the national campaign at Youngstown, September 5, in which he said:

**RAISE FOR FORAKER.**  
"Aside from the fact that we have had many campaign meetings in Ohio without our senior Senator taking part, it can at once be understood that a very important question of party policy arose this year. Everyone can appreciate that it was an embarrassing situation. Senator Foraker, in his Chamber of Commerce speech delivered in Cincinnati only a short time ago, made a severe attack upon the policies of the national committee, and could the party, which intends to wage the fight standing squarely on these policies as declared in its platform, consistently invite him to take the most conspicuous part in the campaign? It was practically impossible and most of Senator Foraker's friends were then of the opinion that if he did not yield, he would be forced to withdraw from the campaign. 'I will yield to no one in my admiration for Senator Foraker. The services rendered in behalf of the Republican party cannot and must not be forgotten,' said Mr. Stockslager, 'but myself if he finds it impossible to serve the party during this important campaign.'

Judge Taft's engagements for Saturday include conferences with Postmaster-General M. C. Gandy of Post Office Service, Gifford Pinchot, Theodore F. Shantz, president of the Metropolitan Securities Company of New York, and G. W. Painter, an American missionary to China.

## AGAIN.

**BRYAN TAKES TO THE STUMP.**

**DEMOCRATIC CANDIDATE OFF ON WEEK'S TOUR.**

**Will Speak at Des Moines and Topeka, Attend Kern Notification in Indianapolis, Hold Three-Day Conference With Managers in Chicago, and Then Return to Farm.**

*ASSOCIATED PRESS NIGHT REPORT.*

FAIRVIEW (Lincoln, Neb.) Aug. 20.—William J. Bryan, Democratic nominee for the Presidency, left here tonight on a seven days' trip, in the course of which he will deliver several speeches and hold a three days' conference with his campaign managers in Chicago.

J. The first stop will be at Des Moines, Iowa, where tomorrow night he will discuss the tariff question. Saturday, Sunday and a part of Monday he will spend in Chicago, and on Tuesday he

Texas Generosity Causes Temporary Joy in Democratic Camp.

*BY DIRECT WIRE TO THE TIMES.*

MUSKOGE (Okla.) Aug. 20.—[Exclusive Dispatch.] Gov. Haskell, Bryan's campaign treasurer, is being sued right and left. Today, charging mismanagement of the offices and asking for a dissolution of the company, John F. and D. M. Bailey of Ottawa, applied to have a receiver appointed for the Indianola Contracting Company of Muskogee, of which Gov. Haskell is president and owner of 60 per cent of the stock.

Among other things, the plaintiff alleges that Haskell has, during the last three years, drawn \$15,000 as president of the company, "when his services and time were not worth \$1500," that the sum of money had been taken from the company by the officers and judiciously invested in enterprises not covered by the charter of the company, namely the new State Tribune, Gov. Haskell's paper.

The same defendants filed suit in Guthrie a few days ago to collect \$3000, which they claim Haskell owes them for legal services.

## TRAGIC.

## ONE DEAD, FOUR HURT IN WRECK OF AUTO.

ONE man was killed, and two women and two men were slightly injured about midnight last night at Wilcox and West Jefferson streets, when a wheel on a sixty-horse power Thomas fire automobile gave way and the machine turned turtle, pinning the occupants under the tonneau. Then an explosion followed which set fire to the machine. It was with the greatest difficulty that the living occupants were extricated before they were seriously burned.

**The dead:**  
JOSEPH BOBBES, chauffeur, aged 26 years, of No. 123 East Forty-sixth street.

**The injured:**  
Mrs. Francis Wilson, No. 1228 West Thirteenth street; hip dislocated, lacerated scalp and hair singed.

Mrs. Gladys Price, No. 515½ South Main street, badly bruised about the shoulder; back sprained.

M. Ford, No. 725 West Third street; deeply bruised, and suffering from shock.

Charles Keene, No. 517 San Julian street; pelvis fractured and left arm lame.

The accident occurred almost in front of the University Police Station. Patrolman Rios had just stepped onto the sidewalk when he heard the machine, which was speeding rapidly, went Jefferson street. Within twenty yards of him the right hind wheel suddenly went down. The auto-

mobile swerved to the right, and in an instant turned turtle.

Bobbe, who was the only person in the front seat, was caught under his steering gear and crushed, the back of the seat lying across his chest.

The four occupants of the back seats were thrown under the tonneau. Before Patrolman Rios could reach the machine the explosion occurred, followed by fire. With the assistance of Sergt. Graham, the injured were dragged from the tonneau before the fire reached the back of the machine. Mrs. Wilson and Price were unconscious, but Mrs. Price and Ford were not so seriously injured.

An alarm was turned in and the fire department extinguished the flames after the machine was practically destroyed.

The injured persons were carried into the station and then sent to the Receiving Hospital for treatment. After having their wounds dressed they were removed to their homes.

Both men were driving a rented machine for David McClellan's saloon-keepers. His stand was in front of the Bill L. saloon at No. 425 South Spring street.

He got a call for the party about 11 o'clock and was driving out West Jefferson street at about twenty miles an hour.

Bobbe was unmarried and had previously been employed as a jockey. He had been driving McClellan's car about three months. His body, which was slightly burned before it could be extricated, was taken to Pierce Bros. morgue, where an inquest will be held.

## SWEEPING.

## "RED LIGHT" HOUSES ARE SHUT UP TIGHT.

B ORDER of Mayor Harper every house of ill-fame in the "red-light" district was closed late last night—a total of ninety-three. Sergt. Redmond, with a force of fifteen patrolmen, was detailed to go from house to house and notify the occupants to lock their doors. The habitudes were ordered out of the places and advised to leave the city without further ceremony.

Although Mayor Harper and Chief of Police Kern were closed in conference over the matter yesterday afternoon, the order was not given to Sergt. Redmond until about 11 o'clock at night. He called his men off their beats and most care was used in attempting to press the operation. It was not until after midnight that the facts became known. Sergt. Redmond refused to talk, or to say from whom he received the order. The patrolmen also were sealed on the subject. Sergt. Redmond first visited New

High street, where the Morton Club was closed. Pearl Morton, the proprietress, was away, but the woman in charge was forced to clear out with the doors closed.

Seven other houses were also closed in New High street, including two colored clubs.

The order was issued in a simple manner and without ceremony. Redmond said the Mayor had ordered it so that not one house would be open by sunrise.

Then the squad went to North San Pedro street, where May Larson's notorious house was first closed. Six other houses were closed on that street, and there the officers went to Commercial street, where twenty-eight club houses were closed. By the time the officers reached Commercial street the news that the lid was going on had already spread before them. It is the intention of the officers to close the Japanese houses of ill-fame on Ducommun street.

It will be present at the notification in Indianapolis of John W. Kern, the Democratic Vice-Presidential nominee, upon which occasion he will speak on the subject of trusts.

Two days later, at Topeka, Kan., he will deal with the question of the guaranty of bank deposits, and will return to Lincoln on August 23.

He called his men off their beats and most care was used in attempting to press the operation. It was not until after midnight that the facts became known. Sergt. Redmond refused to talk, or to say from whom he received the order. The patrolmen also were sealed on the subject. Sergt. Redmond first visited New

## LATEST SPORTING NEWS, LOCAL AND TELEGRAPHIC.

## TOO MUCH CLASS.

GRAY HEAVES  
CLASSY BALL.

Skins Seals by Pitching in His Old Form.

Visitors Lucky to Escape Goose-Egg Score.

Delmas Shines in Fielding by the Running Assist.

Los Angeles, 3; San Francisco, 1. President Cal Ewing of the Coast League arrived here just in time yesterday to see his pet Seals skinned by the Champions, and he was lucky that he didn't have to hide his blushes behind a setting of goose eggs. It is the proper thing to invite a man to your house and then give him a look, but that is exactly what was done to Ewing yesterday, for he sat in a grand stand and watched his team struggling for nine innings to beat only Gray.

In the fifth inning, with one out, pitcher Berry of the Seals hit up a fly ball in front of the stand. Gray and Easterly ran to it and each of course had caught it, but just about that time some one yelled for Smith to stand by within a distance of six feet and looked up at the ball coming down. Smith sprinted for it, but did not arrive in time and the sphere hit the ground and Berry got a base hit. He was not entitled to. This was a start. McAdie poked one to center and Berry poked one to center, and they failed to sting him until the sixth. Then with two out, Dillon hit to right and Brasfield wore off a sweat in the same place, Dillon to find a hole in his baseball cap after his attempt to catch it. Dillon scored and both men ran in when cracked over a double run over first base.

In the eighth Dillon singled to center and Brasfield sent a hit left past Easterly on third and he scored on a wild pitch. The Seals had not led on Gray and he headed for the league ball from start to finish. In the first inning he walked Mohler and Brasfield and then Moeller hit a home run. He was caught at the first on a pine throw by Oakes. Zeider went to second on the throw and in to third on a passed ball. These were the only two men that reached third base, except in the ninth when the scoring was over. Only four others got an assist and two of these arrived there on the fifth.

Zeider's hitting was the swat feature and in the fielding the star, play made by Delmas who raced over to the ball and then ran to the right shoulder with his outstretched left hand, changed the ball to his right hand, threw out the runner at first. The score: 3-1.

AMERICAN LEAGUE.  
YANKEES MAKE A STAND.  
(ASSOCIATED PRESS NIGHT REPORT.)

NEW YORK, Aug. 20.—In a stirring ninth inning rally today, New York using four substitute batters, two of whom hit safely, scored twice and won again from Detroit by a score of 4 to 3. Score:

Detroit, 3; hits, 9; errors, 4.

New York, 4; hits, 8; errors, 4.

Batteries—Pfeifer and Schmidt; Managers—O'Connell.

OAKLAND TEAM BEATEN.

(ASSOCIATED PRESS NIGHT REPORT.)

SANTA CRUZ, Aug. 20.—Oakland put up a fair game of ball today, but was beaten. Collins made a home run.

Santa Cruz, 5; hits, 8; errors, 2.

Oakland, 3; hits, 6; errors, 2.

Batteries—Smith and O. Hong; Skaggs and Perkins.

LEWIS STAYS EAST.

SOLD TO SIOUX CITY.

The Los Angeles club will not secure Outfielder Lewis of the Waterloo team of the Iowa League, after all. Manager Berry expected to receive word yesterday that his negotiations for Lewis had come to a standstill, but instead telegram came that Lewis had been sold to the Sioux City team.

The Waterloo management offered to sell Berry a player named Crukshank for \$500, but no notice will be given this for the local manager is not after any old or young player.

SAN FRANCISCO, Aug. 20.—(Exclusive Dispatch.) Fischer, Oakland's best busher, an electrician by trade, is a ball player by choice, made his debut at Recreation Park today and his pains was rewarded with a 6-2 defeat. The Portland boys had their eye on the ball and all the way up. Ote Johnson, who duplicated Buck Eagan's left-field home-run hit, though Casey and his three-bagger down to the doubles and singles, slammed into the runs after the Johnson homer in the first. Computers came back with a rush the same inning. Anderson, who had died and been sacrificed, was sent by Heitmuller's two-bagger, the latter scoring on an out by Eagan and Cook's right-field hit.

Anderson's two-bagger in the second and Casey, with his three-bagger, opened the third, gave the northeners a lead they held.

In the fifth they annexed two more, set up a two-bagger to right and used a wild pitch to pass Eagan.

Anderson's wild throw to Eagan.

It by pitched ball—Easterly, Gray.

Time of game—11. Inn.

Score—O'Connell.

CHICAGO, Aug. 20.—(

## THE CITY IN BRIEF

Arizona's busy day!

## NEWS AND BUSINESS.

## Philistines-Baraca Meeting.

A meeting of the Baraca and Philistines Sunday-school classes of the city will be held tonight at the First Methodist Church, for the discussion of the coming convention at Pomona. All are invited to attend.

## To Show Us Off.

Several caravans of manufactured articles and products of the soil will leave Los Angeles today en route for Sacramento, to be placed in the Los Angeles county exhibit at the State Fair. Secretary Wiggins stated yesterday that the expense of the local exhibitors was very gratifying. He believes that such exhibitions of the resources of this section are the best advertisements that can be devised.

## Ultimate for Los.

Paul Lun, who owns a little store in Chinatown, was told by the Federal officials yesterday that he would have exactly one month in which to close out his business. At the expiration of that time, an order of deportation will go into effect. The Chinaman claimed he is a citizen of the country with a band of robbers but when the others turned to their native land he remained behind. He was arrested last year for being illegally in this country.

## Who Wants to Go?

Five representative business men or manufacturers can have the honor of representing the local Chamber of Commerce in Japan by applying to Secretary Frank Wiggins. The commercial organizations of Japan are planning a trip to their country of delegates from the principal chambers of commerce of the United States, and President Stewart has been empowered to appoint them. So far there have been no applicants for the honorary positions.

## Improvements Wanted.

General improvement of the district bounded by North Figueroa, Figueroa and Second streets in the aim of association that had its start last evening at a meeting in the house of Hovey Company No. 1, on Winfield street. J. P. Avery was elected president and W. H. McGill, clerk of the health department, secretary. The date of the incorporation has not yet been decided upon. The improvement of several streets is urged, and one of the things for which the association will work hardest is the handling of the storm water than every winter creates a great nuisance in the sections concerned. The cleaning up of vacant lots is another boon that is sought. The association will meet again at the same place next Tuesday evening.

## BREVITIES.

Ladies who appreciate expert manicuring, shampooing, facial and scalp treatments and artistic hair dressing are invited to call on the Ramedell Company's Toilet Parlors, rooms 26 and 27, 455 South Broadway, Los Angeles. The proprietors, Misses Jones and Kisses, are thoroughly experienced and attainments are equal to the establishment with the most up-to-date equipment obtainable. The Fanny Briggs Carr face preparations are used and for sale. Appointments may be made for the parlor or for the ladies' home, depending Home F1500.

## To Let—Handsome fully fitted office and exhibit spaces or desk room, also basement, in premises occupied by new branch office of The Times at 531 S. Spring st.; splendid location suitable for a florist, jeweler, display, and well adapted for headquarters of excursion, steamship or railroad enterprises, as well as mining exhibits. Established information bureau now conducted in connection. For particular arrangements apply to the premises or to Manager's office in the Times Building.

To the people of Los Angeles and clerks: The Long Beach Roller Coaster Company will not be on the Pacific Electric Railway Company's cars on August 22, as the railroad company has made no arrangements to that effect with the roller-coaster company. There will be no free rides on the roller-coaster that day. Long Beach Roller Coaster Company, W. M. Brown, pres.

Times Branch Office, 531-533 South Spring st. Advertisements and subscriptions left at the new Spring-street office of The Times will receive as careful attention as at the main office. Competent clerks in attendance.

Sample shoes for boys, misses, women's, \$2, worth to \$4; men's \$2.50, worth \$5. Big New York sample shop, 4th floor, 517 South Broadway; take elevator.

The Marlborough School reopens September 29th. Mrs. Caswell will be at the school from 2 to 4 p.m. daily, after September 15.

\$2 for \$3.50 women's strap slippers on sale now. Cummings, 551 S. Broadway.

Dr. Hayden, osteopath, 516 Auditorium Bldg., residence Hotel Chickasaw. Purs remedied. D. Bonoff 224 S. Bdwy.

Third and  
Fourth Sts.

### New Lingerie Dresses for Children

If these dresses were made in your own home they could not be prettier or of nicer material, or more tastefully trimmed and finished.

They are of fine white Persian Lawn; some with V neck; sleeves and skirt flounce of fine mamsouk embroidery in the all-over English eyelet open designs.

Others there are with fancy lace yokes and lace finished sleeves, tucked skirts. They are the daintiest little frocks we ever saw for girls from 4 to 14 years.

See the window display.  
Prices \$4.00, \$5.00, \$5.50 and \$6.50.  
—Third Floor—

### Summer Vests 25c and 50c

**Atmospheric Changes have No Effect on the Metal Action of the Farrand-Cecilian Piano**

The Farrand-Cecilian is a very high-grade Upright Piano with the metal action Cecilian Piano Player built inside. The touch is a human touch—it operates the wires with the same delicacy as the human fingers.

The Cecilian Piano, with thousands of music rolls is the original manufacturer of Farrand-Cecilian Pianos. No extra charge whatever is made for exchange privileges. We ask you to come in and inspect the wonderful mechanism and hear the splendid music that can be made on the Farrand-Cecilian Piano.

### Free Cecilian Recital Today

The soloist at today's free Cecilian Recital is Miss Helen Stocker, soprano, who will hear the Cecilian Pianos. This is an event well worth attending. Plan to be with us. Take elevator to fifth floor. Recital at 3 o'clock.

## DEMOCRATS UNHORSE OLD "WAR HORSES."

"Tom" Savage, "Eddie" Morris, "Scotty" Allen and Others Barred by "Silk-stockings" At Opening of Red Hot Convention—Fight to Stay.

**T**OM SAVAGE, who for twenty-two years has been boss of the "Bloody At" Ward, was expelled from the Democratic party last night, by vote of the county convention. With him went five other big Democratic ward bosses—"Eddie" Morris, Thomas Vacher (the illustrious dog catcher,) Peter Frohlich, A. B. Weiss and John S. (Scotty) Allen.

Savage dramatically defended himself on the floor of the convention and went down only after a furious fight lasting five hours.

Democratic floor leaders state that the fight will be reopened, if possible, this morning; an appeal will be taken from the decision of the chairman, which denied a roll call of the entire convention.

The first day of the convention was filled with sensational features; the Democratic League, or "silk-stockings" element, dominated from the start.

**Such a Coldness.**  
View of the Platform Committee when a man from the Fourth Ward offered a resolution against boozing.

wear our hair down to the place where our suspenders cross."

"Silk stockings," cried out a voice from the crowd.

"Yes," said Rogers, "and not clean stockings."

# PUBLIC SERVICE—OFFICIAL DOINGS.

## SUMMARY OF THE DAY.

A new "caterpillar" traction engine, under consideration by the Aqueduct Commission, is to have a test today on the Jawbone section of the Los Angeles aqueduct.

Ed. B. Tufts was appointed Police Commissioner to succeed Charles H. Fuller by Mayor Harper yesterday.

Because the emergency clause was omitted from the dance-hall ordinance it will not be effective until September 18. The dance halls announce they will fight it.

On grounds of intemperance, Judge Bordwell yesterday granted Mrs. Elwin H. Atwill a divorce from William A. Atwill.

The cross-examination of W. A. Mayr was concluded yesterday, and counsel for both sides announced that they have almost finished the presentation of evidence in Mrs. Anna Etta Mayr's suit for divorce.

Mrs. Maude R. Hewlett was granted a divorce from Asa Hewlett by Judge Conroy yesterday on grounds of cruelty.

Mrs. Marie Fife was fined \$5 yesterday in the Police Court after having been convicted of sounding Mrs. Elizabeth Hahn, her neighbor, with a garden hose.

Henry Dutty, charged with the murder of his two children, was arraigned in the Police Court yesterday morning.

AT THE CITY HALL.

**CATERPILLAR TO HAVE A TEST.**

NOVEL TRACTION ENGINE FOR JAWBONE SECTION.

Expected to Haul Thirty-five Tons of Los Angeles Aqueduct Material Over Sand or Mire With Its Endless Chain of Plates to Support Wheel Bases.

Borax Smith's twenty-mule team is to be outdone in the work on the Los Angeles aqueduct "through Jawbone Cañon by a caterpillar!"

Such is the expected result of a test

Ed. B. Tufts,  
appointed a member of the Board of  
Police Commissioners yesterday.

## TUFTS IS NAMED.

NEW POLICE COMMISSIONER. Ed B. Tufts, president of the Tufts Lyon Arms Company, was appointed Police Commissioner to succeed Charles H. Fuller, who resigned ten days ago, by Mayor Harper yesterday afternoon.

Mr. Tufts will sit with the board at its session next Tuesday.

He is a well-known business man, and has not before held any political place. He is a Republican, and has been identified with the active political work, but has heretofore declined to accept any appointment.

The position was tendered to him by the Mayor several days ago, but his acceptance was not received until yesterday.

## DANCE HALLS.

LAW EFFECTIVE IN MONTH. Though there may be a joker in the new dance-hall ordinance, as many believe, it is now certain that there is

no emergency clause in it, and consequently it will not be in force until one month after the Mayor has affixed his signature. For this reason the dance halls will not be amenable to it until September 18, and their present status will not be changed until that date.

A report that the dance-hall interests were behind a petition for initiative to remove the emergency clause was circulated yesterday. The report credited F. A. Solomon, manager of the Grand Avenue auditorium, with the promotion of the referendum movement. Solomon said last night that the dance-hall interests intended to "do the best for the people of the city." He would not say that the referendum was in mind.

"We will fight the ordinance," said F. A. Solomon, "and if it is not effective on September 18, having an emergency clause, we will spend that time in preparing for the fight. Just what form it will take I am not prepared to say."

It is understood that the emergency clause was only at the insistence of the Council, it would require two-thirds vote—six of the Council to pass it, and the friends of the ordinance were sure of only five votes. It got six on final passage, and some of those who voted for it thought it did have an emergency clause.

The picture tells the story of the new traction engine. Its utility has been demonstrated in the peat fields near Stockton (where it is manufactured), where it has been the only means of drawing the plows that are making the bogs available for agriculture.

The only novel traction wheel is the piled wheel in front.

In the Jawbone region particularly, but in many other portions of the aqueduct, the engine will be a valuable economy in transporting material from one point to another. The distance to be covered is the distance will be short, one or two miles, but in others it will be great. At one point, the west end of Antelope Valley, the haul will be twenty miles.

It is not known today for its power over sand and soft earth, such as would ordinarily defeat the usual process of hauling of heavy tonnage with teams, and for its grade climbing ability.

The "caterpillar" is starting out with better expectations than the traction when he was matched with the horse.

The new traction engine is called a caterpillar because its wheel will roll like a bicycle chain—that furnish its firm foundation for the wheel bases over soft earth and where other means of motive power would not be capable of pulling more than 600 pounds to the power of the traction.

"It is done, what it is expected to do, it will be a marvel," said William Mulholland, chief engineer of the aqueduct. "And if it does only half what is promised it will be invaluable to us."

The caterpillar is starting out with better expectations than the traction when he was matched with the horse.

MINES AND MINING.

## NEW CAMP IN NEVADA.

Values Are Found in Calico Hills.

Gardens Turn Out a Big Gold Brick.

Our Denies Heavy Buying by W. A. Clark.

According to reports which have come to us within the past few days, another excitement is scheme for the State of Nevada—such as a district tributary to the Las

in Los Angeles, and is one of the very few in which local people have taken the initiative. Two properties are being developed and the locations are that many more will be found, as the mineralized territory is fully eight miles square. The Quartz Mountain Company is composed of a group of railroad officials and is a concern of the highest kind of work that will make Los Angeles the mining center of the Southwest, and, after all, mines furnish the greatest permanent wealth."

Turning Out Bullion. According to advices from Seven Troughs, the Kindegaard Mining Company produced a gold brick valued at \$14,592, as the result of a run totaling twenty-seven eight-hour shifts in July, during which time 153 tons of ore were reduced. The run was made from what is called high-class milling rock, out of a very high grade being put through. With a steady mine, the supply of water will be largely increased, and it is expected that the mill will then give some true account of its capabilities. A new double-compartment mill is being put down to connect with the building, and when the work has reached the 400-foot level the handling of production will be greatly facilitated.

success very carefully. Prudent men have a successful year, with a large percentage of profits.

Men born today are under a spell of perseverance. Girls should not be in danger of success in business, but have the ability for success in business, and go to law.

Wealth in Onions.

A onion farmer is a comparative success in one of the large contributors to the state. In a little more than eight years the annual production of onions has reached approximately 100,000 bushels. The fact is considered that this is derived from only about 100,000 bushels of onions. Some idea may be had of the yield and the good prices that are obtained. Onion growing has helped Texas. It has been the driving force more than \$2,000,000 to the state. Inasmuch as the majority of their annual earnings are in the increase of taxable wealth, it has also been considerable.

Onions which were brought by Aladdin's lamp are no greater than onion growing in portions of Texas during the time of the Spaniards to the Rio Grande. It was thought to be almost worthless, but the price of grain was most only fit for goat grain in an annual net return of from \$100,000 to \$150,000 per acre. Growers say they would not be less than \$2,000 per acre for that price the annual net return is 25 per cent. on the investment.

Growers say they would not be less than \$2,000 per acre for that price the annual net return is 25 per cent. on the investment.

**DEPUTY SHERIFF**  
in Aguirre yesterday, that after marrying the man, he learned from letters he had written to his wife that her husband's real name was H. Stewart, and that he assumed the name of Tracy after he moved to his birthplace, El Paso, because of difficulties with a woman who had married him. He then drew all his funds from this city, and moved to New Mexico.

Tracy told his wife that he had bought a ranch in New Mexico, and that he had planned to go there to help this worthy cause.

Tracy told his wife that he had forgotten to feed the horses, and told his wife to go on to the ranch, and when she had planned to go there to help this worthy cause.

Tracy told his wife that he had planned to go on to the ranch, and told his wife to go on to the ranch, and when she had planned to go there to help this worthy cause.

Tracy told his wife that he had planned to go on to the ranch, and told his wife to go on to the ranch, and when she had planned to go there to help this worthy cause.

Tracy told his wife that he had planned to go on to the ranch, and told his wife to go on to the ranch, and when she had planned to go there to help this worthy cause.

Tracy told his wife that he had planned to go on to the ranch, and told his wife to go on to the ranch, and when she had planned to go there to help this worthy cause.

Tracy told his wife that he had planned to go on to the ranch, and told his wife to go on to the ranch, and when she had planned to go there to help this worthy cause.

Tracy told his wife that he had planned to go on to the ranch, and told his wife to go on to the ranch, and when she had planned to go there to help this worthy cause.

Tracy told his wife that he had planned to go on to the ranch, and told his wife to go on to the ranch, and when she had planned to go there to help this worthy cause.

Tracy told his wife that he had planned to go on to the ranch, and told his wife to go on to the ranch, and when she had planned to go there to help this worthy cause.

## CONVENTION.

(Continued from First Page.)

denly and vigorously. "I can run this thing without any advice."

### DEL VALLE RULES.

Although it got to the place where they wanted to run the acting chairman's personality and the force of his will and his instant and decisive rebukes kept the hall almost in silence.

The voting was on the motion of Earl Rogers to refer the report back to the committee on construction, to erase that portion relating to the six boxes.

The result of the roll call was to show that 261 voted to so refer the report, virtually in favor of Savage and others, and 250 voted against so referring the report against Savage.

The vote was then on the adoption of the report of the Credentials Committee as it stood (embodiment of the report against Savage.)

Although Rogers demanded another roll call a second vote was taken. The majority of those standing were for adopting the report.

Savage's friends assert, however, that it was unfair and decline their intention of re-opening the matter this morning. Some of the delegates whose "standing vote" was then taken represented a fraction of one vote.

For this reason, Rogers will appear from the de-  
sition of the chair this morning.

SAD.

## LOOKING FOR REVENGE TODAY.

REGULARS HOPE TO BEAT THE "BILK-STOCKINGS."

Rally After Shock Attending Throwing Out of Old Stand-bys and Hope to Recapture the Works, John Wilson of San Fernando May Contest With Schwamm.

Although the Democratic League captured the works yesterday at the county convention of the untried Turner Hall, putting five leaders of the "regulars" to the sword, the regulars rallied last night and prepared for a counter attack on the enemy when the convention opens this morning. If the regulars can recapture the machine they will celebrate their victory by resuscitating the leaders they lost yesterday; then they will take "Windy" More, Adam Dixon Warner, J. W. McDonald and half-a-dozen other Leagueites and hang them up by their thumbs.

Both sides were resting on their arms at midnight, looking for reinforcements. In the convention yesterday there were about 250 vacant chairs. It is not a sufficient number of the absentees to overcome the scant majority of the League.

There will be an exhibition of fireworks before which that of yesterday will be only as a grass fire to a volcano. At least, so the regulars.

"Wddy" More, "Loco" Allen and "Tom" Savage were all out of the convention along with the regulars. Adding insult to injury, "Tom" H. was seated as a silk-stock in the chair where yesterday morning Savage sat in repose.

For a convention it was great sport and the jollity of the hundred odd delegates to the late Republican convention who witnessed the fireworks, was not forgotten by the knowledge that the heat engendered was burning up the last lingering chance of the local Democracy to elect a single candidate this fall.

### SLAP AT SCHWAMM.

In the morning the hopes of the Democrats ran high that Tony Schwamm might be able to get the nomination on the liberal end and nose out Pridham in the Fifth Supervisorial district.

Tony's thirty-one delegates from the First Ward all voted to put the "bilk stockings" into power. Last night the

Milton K. Young,  
taking a birdseye view of the conven-  
tion.

day. The convention did not complete its roll call until shortly before noon. But these nominations will cut little figure. The leaders on both sides realize that the split in the Democratic party which developed yesterday wipes out even the slimmest chance that any candidate of either faction might have had for election.

Nevertheless, the coup of the league in capturing the convention is the dramatic feature of the political campaign of 1908, and it will go down in political history as such.

### REGULARS STAND ALONE.

The old regular leaders were in evidence yesterday, but they stood alone; their following has disappeared. There isn't even a lock left to fight for; the nearest approach to it is an aise-seed bag carried by Adam Dixon Warner.

An attempt was made to drag John Wilson of San Fernando into the Supervisorial fight in the Fifth District.

Wilson came to the convention yesterday and went down to the gulf that widened between the two factions.

He announced yesterday that he would not accept the nomination under any circumstances or conditions.

Last night, however, it was reported that Wilson has changed his mind, and will make a fight for the nomination.

We pledge our legislative candidates,

if elected to office, to the enactment of a law creating a court of arbitration for the adjudication of all differences arising between employers and employees, which they are unable to amicably settle.

### CONSOLIDATION.

Inasmuch as the Democratic party has always been, and is, in favor of a direct primary law, we ask the people to vote for an amendment to the State Constitution which will come before them at the November election, providing for a direct primary, and we pledge our legislative candidates to the enactment of appropriate legislation for carrying such constitutional amendment into effect if the same be adopted.

We pledge our legislative candidates to advocate the enactment of a law to remit the poll tax to every voter at the State primary election.

### CITRUS INDUSTRY.

The citrus industry does not own its success or importance to the Republican party.

It never had, nor can have, another such able advocate and defender as our late Democratic Senator Stephen M. White.

The belated promise of the Republican party to reform the tax and election is not worth of belief, in view of its past failures and refusal to do so when it had the power and the opportunity.

Our citrus fruits do not enter into competition with trust-controlled products. They are sold abroad more cheaply than at home.

The home industry, peculiar to this climate, which all men, regardless of party, recognize as a product of our soil and sun, is not appreciated by the voters of each of the cities and territories.

We favor the construction and maintenance by the State of California of free public docks at San Pedro Harbor, adequate capacity for deep-water vessels to be connected with macadamized or paved traffic highways of the county.

The Democratic party stands for justice and the rule of law.

Justice requires that the railroad

rate on citrus fruit from Los Angeles to San Pedro be reduced from \$2 per ton to \$15 per ton, which is the present rate for iron, coal, flour and other commodities shipped in containers.

Inasmuch as the present importation of citrus fruit is wholly absorbed by the railroad combine, and the pretended protection of citrus-fruit growers in fact protects only the railroads.

The greatest enemy of the fruit growers is not so much the lack of regulation and legislation which will compel an adequate supply and reduced freight rates which now exist, but the import duty plus freight from foreign countries.

This latter is a greater evil the Republican party in its State county convention, true to its master, bidding

nothing about and makes no promise to correct.

### WHY BANNED.

The report of the Committee on Credentials, by which the regulars were ousted, is as follows:

"Our committee further recommends that the names of E. J. Morris, returned as delegate from Precinct No. 27; A. B. Weiss, returned from Precinct No. 13, and Peter P. Koch, returned from Cahuenga Precinct, not be stricken from the roll of this convention, and that

the Democratic ticket for Supervisor from said Supervisorial district, thereby insuring the election of this county a 'solid three'.

Thomas Vacher and John S. Allen, on behalf of the party of disunity, in that being members of the Democratic State Supervisory Committee appointed by the 1908 Supervisorial convention, said Morris, Weiss and Koch placed the name of S. T. Eldridge, the moderate Republican nominee for Supervisor from the Third Supervisorial District, on the Democratic ticket as the nominee of the Democratic party for Supervisor from said Supervisorial district, thereby insuring the election of this county a 'solid three'.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

VISIONARY.

### REAMS TRAIN KILLS BROTHER.

IN BERNARDINO MAN THRICE  
HAS NIGHTMARE.

Wife Consequently Appeals to Cor-  
poration for Description of Man Cut in  
Two at Victorville. Thinking Her  
Brother-in-Law May Really Have  
been Victim.

BERNARDINO, Aug. 20.—Mr.  
W. Williams, appealed to the Cor-  
poration today to describe the remains of  
an unknown man who was found  
dead at Victorville two weeks ago.  
It is supposed, fallen across  
a railroad track while overcome  
by heat, and being cut in two. Mrs.  
Williams' interest in the deceased  
was out of a fear that he was her  
other-in-law.

she states that her husband, who  
is invalid, has for three nights in  
succession dreamed of his brother be-  
ing killed by a train, and so vivid  
were these dreams become that he  
wakes in the middle of the night cry-  
ing out in alarm at hearing the  
other left here in time to have been  
in the vicinity of Victorville when the  
accident occurred.

**SENATORIAL CHARGE.**

Mrs. Edith Sheldon, in a complaint  
she diverse filed here today by Attor-  
ney C. B. Morris, accused her hus-  
band of attempting her life by giving  
her chloroform. She declares that the  
husband, after recovering from the  
accident, her husband having plotted  
to carry her in an uncon-  
scious condition in a boat far out on  
the ocean and throw her overboard.  
The couple were married here four  
years ago, their marriage being some-  
times a society function. They  
have been residing for the last two  
years at Indio, where Sheldon is a  
water-melon grower.

September 1 to 5. Unique, attractive.

DROPS DEAD AT HOME.

Local Horticultural Commission for  
Riverside County Passes Suddenly  
Awry at Corona.

CORONA, Aug. 20.—Much regret is  
at the unexpected death of L. R.  
Curtis, one of Corona's most respec-  
tive men. Mr. Curtis was Horti-  
cultural Commissioner for Riverside  
County for a number of years and was  
one of the oldest inhabitants. He came  
out for his health, but the change did  
not seem to benefit him greatly. He  
had been confined to his room  
and it was hoped that he would  
be able to be out and attend to  
his business. Shortly after noon today he dropped  
dead from heart failure. Mr. Curtis  
was an exceptionally fine artist and  
a great lover of science. He was born at Sudie, N. Y., and  
was 50 years of age. The funeral serv-  
ices will be private and will be held at  
the home of Senator David Perkins upon the  
convention.

Festival of the Sea. Long Beach,  
September 1 to 5. Unique, attractive.

DIES IN GREAT PAIN.

Plot of Blood on Brain Cause of De-  
mise of Well-Known Lompoc  
Woman.

LOMPOC, Aug. 20.—Much regret is  
at the death of Mrs. Frank Hob-  
son, at her home in this city shortly  
before midnight. Yesterday morning  
Mrs. Hobson seemed in good health  
toward night, but complained of a  
headache. After she retired the pain  
increased and she arose. The agony  
was so intense that, lying down again,  
she said, "I can't stand the pain." Hardly  
had the words uttered than death  
did. The cause of death is not known  
but it is believed to be a stroke of  
the heart. Mrs. Hobson is a widow and two  
small children.

Mrs. D. Cordell, who had made her  
home here for some years, died yesterday.

BEWILDERED ON TRAIL.

Old-Timer on Desert Comes Near  
Death—By Will Power Saves Both  
Dog and Himself.

INDIO, Aug. 20.—Louis Misak, a  
man, attempted to walk from the El  
Morado mines to Indio last week. He  
started out with his dog, a small  
amount of food and a canteen of water.  
Although an old-timer on the desert,  
he became bewildered on the trail  
and was three days making the trip  
out. He gave most of his water and  
tore his shirt to make a canteen.  
After a night's sleep he had  
increased and she arose. The agony  
was so intense that, lying down again,  
she said, "I can't stand the pain." Hardly  
had the words uttered than death  
did. The cause of death is not known  
but it is believed to be a stroke of  
the heart. Mrs. Hobson is a widow and two  
small children.

Mrs. D. Cordell, who had made her  
home here for some years, died yesterday.

CENTENARIAN PASSES.

Injuries Sustained in Runaway Acci-  
dent Cause Death—Blind Widow  
Is Over Ninety.

RIVERSIDE, Aug. 20.—Pablo Costa,  
one of the pioneer Indians of the valley,  
was laid to rest in Olivewood  
Cemetery yesterday, having died at the  
age of 101 years. Though he had passed the  
century mark, it was not old age  
that caused the death of Costa, but a  
runaway accident in which he sus-  
tained the fracture of three ribs. Owing  
to his advanced age the injury  
was not serious. He left his widow over  
the rancheria on Hillside avenue  
near West Arlington avenue.

Costa was a well-known character,  
having lived with his parents at the San  
Bernardino mission when it was  
reduced to a mission. He was  
a man of great strength and endurance.  
The Governor has made proclamation  
for the election, which will be held  
November 5.

GOING AFTER A GROOM.

Young Man Whose Checks Cause  
Trouble Here Is Arrested in  
San Francisco.

Son of Founder of San Diego Takes  
His Own Life—Reloads When  
First Shot Fails.

SAN DIEGO, Aug. 20.—Horton Bur-  
leigh, aged 21 years, a nephew of "Fat-  
head" A. E. Horton, the founder of San  
Diego, killed himself with a revolver  
this morning at 9 o'clock in the blind-  
room of the public library, firing  
two bullets at his heart, and then  
compelled to unload and load the gun.  
The first bullet missed the heart by half an inch.  
Burleigh deliberately reloaded the weapon,  
put another shell into the chamber  
and this time pointed the muzzle of the gun directly at his heart. The  
second shot caused immediate death.  
Burleigh was employed in the library for  
the past four years. No reason can be  
assigned for the act except that the  
victim was in rather poor health.

BURGLAR GETS CASH.

Breaks Into Ontario Home While the  
Family Is at Lunch and Secures  
Over Hundred Dollars.

ONTARIO, Aug. 20.—The home of  
M. O. B. Bradford, on West D street,  
was entered day before yesterday, and  
the thief, Mrs. Powers, an elderly widow, who makes her home  
with the family, was stolen from her  
bedroom.

The robbery occurred during the  
noon hour, while the family were at  
lunch. The fact that Mrs. Powers' room  
was the only one entered and  
the thief, Mrs. Powers, an elderly widow, who makes her home  
with the family, was stolen from her  
bedroom.

The elder Jardine is an official of the  
company which the accused man repre-  
sents.

WORTHLESS CHECKS.

F. M. McCullough, a swindler, was  
arrested last night while trying to  
get a check cashed in Humphreys  
Saloon on North Main street. He  
admitted that the check, which was  
drawn on the Farmers' and Merchants'  
National Bank for \$25, was worthless.

COLTON.

COLTON, Aug. 20.—Work has started on  
the county bridge across the Santa  
Ana River, southeast of this city. C.

D. Seeley of Denver has the contract.  
This bridge will be of great use to  
the ranchers living just below Grand  
Tracy, who has been in the  
employ of the Southern Pacific in this  
city for some time, has gone to Lud-  
low as chief clerk to Superintendent W.  
W. Cahill of the Tonopah and Tide-  
water Railroad. He will be missed in  
ranching circles.

The local Aerie of Eagles went to  
Santa Ana last night to attend the  
initiation of a large class of candidates  
SANTA ANA, Aug. 20.—J. P. Skinner  
has been nominated to settle difficulties that have arisen  
between him and his partner, Charles E. Griffith. Skinner, in his complaint  
filed today, stated that the partner  
was born December 6, 1897, to farm on the 250 acres of the  
Irvine company, which Griffith had the lease made out in his  
name instead of in the name of the  
partners, that he has refused to make  
any accounting and wants Skinner to  
return the 250 acres and settle the  
partnership difficulties.

BAY CITY, Aug. 20.—The Bay City  
Bungalow Company expects to build  
about forty new bungalows on the  
land south of the railroad before  
next season. Each cottage, tent and  
bungalow in town is occupied now.  
ARIZONA.

SINK RANCOR IN  
DESIRE TO WIN.

REPUBLICANS BURY HATCHET  
TO DEFEAT SMITH.

Candidate Will Be Nominated at  
Territorial Convention Tomorrow.  
Gov. Kibbey Absolutely Declines to  
Stand, but His Wing of Party Will  
Be in Control.

SPECIAL CORRESPONDENCE OF THE TIMES.

PHOENIX (Ariz.) Aug. 19.—The  
Republican Territorial Convention will  
meet Saturday to nominate a candidate for  
the office of delegate to Congress.  
There seems no doubt that the Kibbey  
wing of the party will be in control,  
though the rancor engendered by the  
disgraceful national delegate conven-  
tion at Tucson seems to have been  
sunk in a genuine desire to win in  
the congressional fight. Gov. Kibbey  
could have the nomination, but always  
refuses to allow presentation of his  
name. Gen. A. J. Sampson of Phoenix  
is the agreed-upon candidate. Alonso H.  
Smith, former Minister of the United  
States in Europe, has developed  
strength as a candidate. Alonso H.  
Smith, an Apache country cattlemen of  
large means, is being considered in the  
northern counties, as is Atty.-Gen. E.  
S. Clark, of Prescott. Lt. W. Powell  
of Blasie, one of the leaders in the  
pleasure of the members in greeting the  
citizens of a district that has done  
so much in building up Los Angeles  
as the milling center of the Southwest.  
Judge Fletcher M. Donne, associate justice  
of the Supreme Court of Arizona, re-  
presented the "Wing of the Party." Marcus A. Smith spoke on the  
"Statehood of Arizona."

Between 400 and 500 Arizonans were  
entertained for two hours at the  
Chamber of Mines, yesterday afternoon.  
Many local mining men were present  
to represent this city and extend  
hospitality to the visitors.

CHANCE TO TELL.

The exercises were informal. The  
address of welcome was made by  
President Silson and responded to by  
Attorney Gen. Goodrich of Tombstone,  
a former resident of the city. Gen.  
E. S. Clark, of Prescott, spoke of the  
pleasure the members felt in greeting the  
citizens of a district that has done  
so much in building up Los Angeles  
as the milling center of the Southwest.  
Judge Fletcher M. Donne, associate justice  
of the Supreme Court of Arizona, re-  
presented the "Wing of the Party." Marcus A. Smith spoke on the  
"Statehood of Arizona."

The post-prandial exercises were  
concluded at an early hour this morning.  
Today special cars will be  
operating on South Spring streets for  
Redondo. At noon a Spanish lunch  
will be served in the gardens in front  
of the hotel and various athletic sports  
will be indulged in this afternoon.  
There will be free bathing boat rides,  
swimming and dancing. This evening  
the Hassayampaans will amuse  
themselves in various ways.

BLAZING FILM BURNS OPERATOR.

E. A. Baker was severely burned  
about the hands and arms late yesterday  
afternoon when a film broke in a  
projector and set fire to the  
operator.

The visitors passed the rest of the  
afternoon in an informal manner,  
many making short calls upon former  
acquaintances, taking car rides,  
and by half hour reception in the parlors  
of the Hollenbeck, the banquet, which  
was formally opened at 9 o'clock.

RIVER OVER TABLE.

Mark Smith, eight times elected to  
Congress since 1888, again is the Dem-  
ocratic nominee. His only opponent at  
the Prescott convention was Eugene  
Smith, his son, who had  
been chosen by the voters of Maricopa  
and Yuma counties.

It is interesting to note that Smith, in 1896, was elected  
to Congress over O'Neill's brother,  
Capt. William O'Neill, who was  
a Republican, was a Populist in the  
later years of his life.

It is probable the fall campaign will  
be fought by the Republicans on a  
basis of opposition to corporate control  
of the Territory. Smith has been  
charged with being subservient to the  
Southern Pacific influence a charge he  
has lately denied with vigor.

The great mining corporations till very  
late, were assessed at only a fifth  
of the real value of their property.  
Now, mining through the efforts of  
Gov. Kibbey, the assessment roll of  
the Territory has been raised to \$80,  
000,000, fully 25 per cent. having been  
added in the past few years. On this  
subject, the Democratic Territorial  
representative said: "We are neither  
miners nor lumber companies, but  
we insist that corporations shall have  
exactly the rights and privileges  
before the law that private individuals  
enjoy, neither less nor more."

The Governor has made proclamation  
for the election, which will be held  
November 5.

GOING AFTER A GROOM.

Young Man Whose Checks Cause  
Trouble Here Is Arrested in  
San Francisco.

Son of Founder of San Diego Takes  
His Own Life—Reloads When  
First Shot Fails.

SAN DIEGO, Aug. 20.—Horton Bur-  
leigh, aged 21 years, a nephew of "Fat-  
head" A. E. Horton, the founder of San  
Diego, killed himself with a revolver  
this morning at 9 o'clock in the blind-  
room of the public library, firing  
two bullets at his heart, and then  
compelled to unload and load the gun.  
The first bullet missed the heart by half an inch.  
Burleigh deliberately reloaded the weapon,  
put another shell into the chamber  
and this time pointed the muzzle of the gun directly at his heart. The  
second shot caused immediate death.

Burleigh was employed in the library for  
the past four years. No reason can be  
assigned for the act except that the  
victim was in rather poor health.

BURGLAR GETS CASH.

Breaks Into Ontario Home While the  
Family Is at Lunch and Secures  
Over Hundred Dollars.

ONTARIO, Aug. 20.—The home of  
M. O. B. Bradford, on West D street,  
was entered day before yesterday, and  
the thief, Mrs. Powers, an elderly widow, who makes her home  
with the family, was stolen from her  
bedroom.

The robbery occurred during the  
noon hour, while the family were at  
lunch. The fact that Mrs. Powers' room  
was the only one entered and  
the thief, Mrs. Powers, an elderly widow, who makes her home  
with the family, was stolen from her  
bedroom.

The elder Jardine is an official of the  
company which the accused man repre-  
sents.

WORTHLESS CHECKS.

F. M. McCullough, a swindler, was  
arrested last night while trying to  
get a check cashed in Humphreys  
Saloon on North Main street. He  
admitted that the check, which was  
drawn on the Farmers' and Merchants'  
National Bank for \$25, was worthless.

COLTON.

COLTON, Aug. 20.—Work has started on  
the county bridge across the Santa  
Ana River, southeast of this city. C.

BY STORM.

## HASSAYAMPA CAPTURE CITY.

Nearly Thousand Strong  
They Own the Town.

Reception Followed by Most  
Wonderful Banquet.

Real Water Runs and Poetry  
Breaks Loose.

Bronzed sons of the plains, 500  
strong, invaded this city yesterday to  
meet in joyous reunion the other mem-  
bers of the Arizona Hassayampa  
Club of Los Angeles. The annual  
"big jinks" began with a reception  
at the Chamber of Mines. Last night  
the unique banquet at the Hollenbeck  
was greatly enjoyed. Today, the mem-  
bers will have an all-day outing at  
Redondo, and tomorrow night they will  
be much in evidence at the Orpheum,  
where several hundred seats have been  
reserved for the Arizonans.

Both, best of all, the story of the noble  
pioneers. Who hailed it a good omen on their  
way.

And those loyal men and true have  
imbued it through and through  
With the Arizona spirit of today.

For the Hassayampa's water is a  
blessing to the land—  
(In spite of shocking tales with which  
it is cursed.)

That is ever after lies in a way to  
win first prize.

Who quaffs the Hassayamp' to quench  
its thirst?

Salvation of the farmer, and the min-  
er, friend in need.

It makes the man who drinks it brave  
and true.

And no master where he strays he'll  
come back to end his day.

In the land the Hassayampa wanders  
through.

Burlesque of Hassayampa water, brought  
directly from the little Arizona  
stream, is the chief of real of real  
of real.

W. E. Martin, clerk of the Supreme  
Court of New Mexico, spoke on the  
subject, "New Mexico," and he was  
greeted with much applause by those  
present.

Gen. H. L. Pickett of Tombstone, re-  
sponded eloquently to the toast, "Arizona."

W. E. Martin, clerk of the Supreme  
Court of New Mexico, spoke on the  
subject, "New Mexico," and he was  
greeted with much applause by those  
present.

Fletcher M. Doane, associate justice  
of the Supreme Court of Arizona, re-  
sponded with a speech on the "Statehood  
of Arizona."
